

*Meramec Regional Planning Commission*

# *Inspection Services*

*MRPC now offers inspection services to member communities, private homeowners and businesses. Our inspector is certified in mold, lead and asbestos inspection and can assist with building inspection/permits, tenancy permits and city code enforcement.*

*If your local government or business can't justify a staff person to address these issues, we can help on a case-by-case basis.*

**Got Mold?  
Lead ?  
Asbestos?**

**You have questions. MRPC has answers.**
